Changelog

Version 2.6 Simplifying file organization on Sep 11, 2020

This update is about trying to make the file organization more clear and less overwhelming.

- No changes to content. Just changes in file names and Google Drive folder organization
- Made file names shorter by removing "Educircles"
- Organized the Google Drive folders by intended use (instead of just going numerically)
 - Folder 1 has the files so teachers can just print and teach. (PDFs and the main slideshow file **File 3**)
 - Folder 2 has the editable Google Docs or Google Slide files for the handouts.
 - Folder 3 has modified files for Google Classroom. (This includes all of the duplicated slideshow files for individual google classroom assignments. It also includes any modified versions of handouts for easier completion online.)
 - Folder 4 has more modified files for Google Classroom
- Combined File 2a Lesson Outline and File 2b Lesson Plans into a single file (File 2 Lesson Outline and Lesson Plans)
- Updated the READ ME file
 - Added the section headers from the lesson plan to show which slides match up between the full slideshow and the smaller google classroom files.
- Updated the Quick Start Guide to try to clarify the 4 google drive folders.

Version 2.0 Distance Learning update on Aug 18, 2020

- Main content is identical to version 1.0 but this product now contains additional files to make it easier for online use and distance learning
- **The files are all in Google Drive for 1-click easy copying of the lesson folder into your Google Drive.** No more copying view-only files.
- The slideshow in Google Slides format includes 1 large file (**File 3**) if you are teaching in the classroom, but you also get 3 smaller files in case you are only teaching 1 section: (**File 3** Lesson A, B, C)
- **Easy uploading to Google Classroom assignments by lesson.** The slideshow is now also broken up into 8 individual lessons that you can upload: (**File 3** Lesson A1, A2, A3, A4, A5, A6, B1, B2, B3, B4, B5, B6, C1, C2, C3)
- **Adapted for Google Classroom**
 - Section A: Show, don't tell note-taking handouts have been converted into Google Slides (**File 5a**) with digital skill building - students do the work on paper and upload a photo into the document.
 - Section B: Look Fors / Success Criteria activity has been converted into Google Slides (**File 5c, File 5d, File 5e**) so students can type directly onto virtual sticky notes and then collaborate with others to move them around a white board and synthesize information.
 - Section C: Compare and Contrast handout has been converted into Google Slides (**File 5h**) so students can brainstorm directly onto virtual sticky notes using a Venn diagram. The text boxes can be moved around the white board.
- Section A used to have 2 of the six Cs per lesson, but that has now been split into separate lessons so students could focus on one C at a time during distance learning.
- File numbers have changed
